

# Is your Distribution Network 'GST Compliant' ?

Automate your Extended Enterprise with GST Ready DNMS from Logo Infosoft

## Distributors Network Management

- ✔ Distributors Network Management System is an integrated solution covering Distribution, ERP for distributors and Operational CRM
- ✔ Logo-VIRA DNMS design is based on best practices, deployed by world's biggest FMCG companies, and those who have the largest and most complex sales and distribution network
- ✔ Logo-VIRA DNMS is a packaged solution that brings in all those experiences, and ready to use

**One of the biggest challenges of a distributors network is to implement tens to hundreds of distributor's ERP Systems**

**Logo-VIRA DNMS only requires one implementation and it automatically implements all distributors' ERPs identically without any distributor number limitations**
